

txConnect System Requirements

3/6/08 Page 1

PC Operating System

The recommended operating system is Microsoft Windows XP (service Pack 1) or 2000 (current service pack).

Browser Setup

The recommended browser for txConnect is Internet Explorer 6.0 or later. txConnect will also work with Mozilla

Firefox 1.5 or later for Windows XP or Windows 2000. Mac OS X users should use Firefox. Please check your browser

settings to ensure that your browser is set up to accommodate the txConnect requirements.

Note: Some antivirus software blocks cookies and pop-up windows. In addition to the instructions below, check

your antivirus software to ensure that it is not blocking cookies or pop-up windows from txConnect.

Resolution

The recommended video resolution is 1024 x 768 (small fonts).

To check the resolution settings of your monitor:

1. Right-click on the Desktop and select Properties. The Display Properties dialog box appears.
2. Click the Settings tab. **Screen area** should be set to 1024 by 768 pixels.
3. Click **Advanced**. **Font Size** should be set to Small Fonts.
4. Click **OK** twice to close both dialog boxes.

Windows Internet Explorer

To add txConnect to the trusted sites:

Adding the txConnect Web site to the trusted sites means that you trust txConnect to use cookies. The use of

cookies is required for proper operation of txConnect.

1. In the browser, from the Tools menu, select Internet Options. The Internet Options dialog box is displayed.
2. From the Internet Options dialog box, click **Security**.
3. Under **Select a zone to view or change security settings**, click **Trusted sites**.
4. Click **Sites**. The Trusted sites dialog box is displayed.
5. Under **Add this website to the zone**, type the exact Web site address that you use to access txConnect.

Note: If the Web site address begins with https, then select **Require server verification (https:) for all sites in this zone**. If the Web site address does *not* begin with https, then ensure that **Require server verification (https:) for all sites in this zone** is *not* selected.

6. Click **Add**. The Web site will appear under **Websites**.
7. To close the Trusted sites dialog box, click **Close**.
8. To close the Internet Options dialog box, click **OK**.

To disable the pop-up blocker for txConnect:

txConnect occasionally uses pop-up windows to display information. The pop-up blocker must be disabled for the

txConnect Web site for proper operation of txConnect.

1. In the browser, from the Tools menu, select Internet Options. The Internet Options dialog box is displayed.
2. From the Internet Options dialog box, click **Privacy**. If **Turn on Pop-up Blocker** is selected, then continue.
3. Under **Pop-up Blocker**, click **Settings**. The Pop-up Blocker Settings dialog box is displayed.
4. Under **Address of website to allow**, type the exact Web site address that you use to access txConnect.
5. Click **Add**. The Web site will appear under **Allowed sites**.
6. To close the Pop-up Blocker Settings dialog box, click **Close**.
7. To close the Internet Options dialog box, click **OK**.
